THE COMMISSIONERS OF FIRE DISTRICT NO. 1 IN THE CITY OF LAMBERTVILLE, COUNTY OF HUNTERDON

Memorializing Further Study and Discussion for the Union Fire House being Utilized as a Public Safety Building

Whereas the voters of the City of Lambertville ratified the significant public importance of the Fire Department through the 2019 referendum seeking cap relief to enhance the providing of fire protection services.

Whereas The Union fire house building is primarily operating for the purpose of the public's safety and

Whereas the fire commission and the Union Fire Department's work would be better served by public control of the building and its operation and

Whereas the Fire Commission agrees that the The Union Fire House should be operated and governed by a public entity to ensure public oversight of this vital asset to our City's first response team and

Whereas the Fire Commission stipulates that the City of Lambertville and its residents would be best served by the study and discussion of the creation of a public safety building, which would house Fire, Police, and the Office of Emergency Management to provide a more efficient and effective public safety services and

Whereas both the Fire Commission and the City of Lambertville are entrusted to protect the public funds and find efficiencies wherever possible while providing increased level of services:

Now therefore the Fire Commission supports the Mayor and the City of Lambertville in the further study and discussion for the potential purchase of the Union Fire House for the creation of a Public Safety Building in the City of Lambertville.
